Utelogy Takes Home 3 Awards

In case you missed it, we brought home 3 awards from ISE 2019. All of these awards are special and we're honored to be selected in each case.

AVNation Reader's Choice Awards

This award is very near and dear to our hearts as this award is a Reader's Choice—and you voted for us! As with all the competition was intense and there were 3 rounds of voting to get through to become the Reader's Choice. We were voted Best AV Control 2018. We've been long-time fans of AVNation over the years and enjoy the reporting and podcasts from the team.

Commercial Integrator Top New Technology

Our re-launch of U-Manage captured Commercial Integrator's Top New Technology Award for Network Management Solutions. The winners of the TNT Awards reflect the progress and evolution of the integration market.

U-manage provides an enterprise-grade engine to deliver "as-a-service" Control, Analytics, Management and Monitoring for technology-enabled companies. This delivers valued insight to take control of the conversation, from technology influence to spend and support.

AVTechnology Europe—ISE 2019 Best of Show Awards

This award also honors **U-Manage** which is delivers a new generation of management portal for your AV infrastructure.
